The State of AP faced unprecedented extreme rain fall on 30th & 31st August, 2024 due to depression in Bay of Bengal. In some places it has exceeded the season's normal rain fall by more than several hundred percent. Many stations in NTR district recorded over 30 cm of rain fall in less than 48 hours. Due to heavy to very heavy rains and consequent flooding of Krishna river, Munneru and Budameru channels, many parts of the NTR District have been devastated and inundated throwing the normal life out of gear. The extreme heavy rains/flooding caused loss of human lives, cattle, damages to huts/houses, agriculture/horticulture crops, public/private infrastructure and industrial units, etc., and worstly affected the lively hood of many people in the flood affected districts.

2. In view of the above, Government have decided to constitute a committee of Group of Ministers on Modalities of enumeration of losses and monitoring, the flood situation on a continuous basis.
